

## Equality & Diversity

We implement a positive policy strategy towards Equality & Diversity by:

- Actively promoting and accepting difference
- Ensuring individuals are treated fairly and equally irrespective of race, gender, age, ability, religion, or sexual orientation
- Promoting Equality and Diversity in education is essential for both instructors and learners, in this our aim is to create an environment where learners can thrive together
- We ensure our learning materials do not discriminate and are adapted where necessary
- A variety of teaching and assessment methods are used throughout the course
- We have clear codes of expectable behaviour for all in class
